

Hurricane Dorian Private Sector Pledging and Exhibition Conference

"Rebuilding a Stronger and More Resilient Bahamas"

Empowered lives.
Resilient nations.

Sponsorship and Exhibition Registration: <https://bit.ly/367aST4>

Background on Hurricane Dorian

Hurricane Dorian, a Category 5 storm, slammed into the northern Bahamas on September 1st, 2019, with maximum sustained winds near 185 miles per hour, devastating the Bahamian islands of Grand Bahama and Abaco. The combination of these high winds, a storm surge, and intense rainfall resulted in the loss of lives and significant damages to homes, buildings and critical infrastructure throughout Grand Bahama and Abaco.

The Private Sector Pledging Conference

Since Hurricane Dorian, many individuals, companies and countries have come forward to offer their support for the reconstruction and recovery on the affected Bahamian Islands.

The Private Sector Pledging Conference, which will be held in Nassau on 13 January 2020, will mobilise commitments to help Abaco and Grand Bahama rebuild and recover from the impacts of Hurricane Dorian.

These pledges will fund recovery projects identified by the Government, with the aim of 'Rebuilding a Stronger, more Resilient Bahamas'. The Bahamas National Recovery and Reconstruction Trust – an independently managed Fund - will ensure efficacy and transparency.

The Vision of this Partnership is to 'To Build Back Better'

To build a resilient Abaco and Grand Bahama, to support The Bahamas' ability to withstand future natural disasters, and to incorporate the highest current standard of effective technology in the Dorian Recovery.

Participation and Sponsorship

The conference provides an opportunity for Sponsorship from companies interested in helping to rebuild The Bahamas. It will also provide an opportunity for exhibiting products and services relevant to rebuilding. All financial sponsorship will go to the reconstruction of the devastated islands.
